

**REMARKS**

**I. Pending Claims**

Claims 1-19 are pending in this application. Claims 7-8 are hereby canceled in view of the non-election of these claims, but Applicants reserve the rights to pursue these claims in a divisional application. Claims 2, 6, and 10-12 are amended.

**II. Status of Claims**

Claims 2-6, 9-13, 18 and 19 are objected to because of some minor informalities.  
Claims 2, 6, and 10-12 are amended to correct any perceived ambiguity.

**III. Restriction/Election**

The Examiner has required restriction to one of the following inventive groups:

**Group I**, claims 1-6 and 9-19, drawn to a state of charge estimator for a battery; and

**Group II**, claims 7 and 8, drawn to first and second state of charge estimators with a switching unit.

Applicants herein elect Group I as set forth in the Restriction Requirement dated June 29, 2007, without traverse. The claims within the elected invention which read on Group I, are claims 1-6 and 9-19. Applicants have canceled non-elected claims in Group I, but retain the right to pursue these canceled claims in a divisional application.
